

CORAL 2020.09
Usage Statistics module updates

Andy Panayiotou
Product Manager | SirsiDynix

Usage Statistics module overview

Manually upload and store
COUNTER reports, or harvest
automatically from SUSHI
compliant sources

View and export COUNTER reports
to gain insight into collection usage
and access denials

SUSHI Import Confirmation

File has been imported from SUSHI. The default behavior for imported SUSHI files is to overwrite previously imported data. If this is incorrect, please contact a system administrator.

Report Format: Journal Requests (Excluding OA_Gold) (TR_J1)

Usage Statistics module updates in CORAL 2020.09

- Objectives
 - To support COUNTER COP Release 5
 - Fix numerous bugs
 - Output reports to screen
 - Add much-needed delete option
 - Remove the need to start and end imports in the same calendar year

CORAL workflow using SUSHI

1. Add a new platform record
2. Add SUSHI connection info
 - Service URL
 - Requestor ID
 - Customer ID
 - API Key
 - Reports to import
3. Run import
4. View and process results

The screenshot shows the 'Usage Statistics' web application, powered by CORAL. The interface is for 'Oxford University Press Books'. A navigation menu includes Home, File Import, SUSHI, Admin, Report Options, and Usage Reports. A sidebar menu on the left contains Imports, Titles, Statistics, Logins, and SUSHI (which is currently selected). The main content area displays the 'SUSHI Connection' configuration for a specific record. Below the configuration table are links to 'Edit SUSHI Connection Info' and 'Test SUSHI Connection', and a help link to the 'SUSHI Server Registry'.

[Test SUSHI Connection](#)

Visit the [SUSHI Server Registry](#) for information about adding your platform

CORAL workflow using File Import tool

1. Download COUNTER report from e-resource provider as tab-separated file
2. Pre-process file as needed
 - Remove headers
 - Change platform name as required
3. Import file
4. View and process result

Upload Process Confirmation

The file wiley_tr-b1_reports.tsv has been uploaded successfully.
Please confirm the following data:

Report Format: Book Requests (Excluding OA_Gold) (TR_B1) R5
If this is incorrect, please use 'Cancel' to go back and fix the headers of the file.

Title	Publisher
A Companion to African History	Wiley
A Companion to African History	Wiley
A Companion to African-American Philosophy	Wiley

Suggested future improvements

- Decouple platform record from SUSHI configuration
- Add platform parameter to SUSHI configuration
- Process report (finalise import) without needing to scroll through report output
